MONROE COUNTY YMCA
2018 Annual Impact Report

2018 IN REVIEW

Our Mission to Strengthen Community

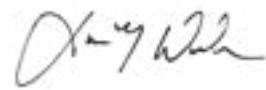

Dear Friends,

We are excited to share a snapshot of our commitment to cause and community through our Annual Impact Report. In the following pages you will find statistics and stories that affirm the breadth and depth of our Y's impact in Monroe County. This document reflects the outgrowth of your generosity, friendship, and involvement.

Our mission to strengthen community through healthy living, youth development, and social responsibility is not three distinct pillars, but rather a synergistic support system to serve the needs of our neighbors. Our Endowment Fund continues to introduce healthy lifestyle choices to fourth grade classrooms through our Energize program. Our seniors are engaged in a variety of health and wellness programs that focus on movement, nutritious food choices, and, most importantly, friendship. And our diverse program offerings allow families to participate in healthy activities in a safe and supportive environment.

The hard work and generous support of our volunteers, members, donors, and staff allows our Y to live its mission. In recognition of their dedication to our Y, our staff would like to extend a heartfelt thank you to Jim Murphy (President), Cindy Kinnarney (Treasurer) and Darby McCarty (Board member) as they complete their Board terms. Finally, we are grateful for you, our members, and your support of our mission.

Yours in health & wellness,

Jason Winkle
CEO

Jim Murphy
Association Board President

The Northwest YMCA has been part of Monroe County for five years ... so of course we held a birthday party in November to celebrate! Several members of our Monroe County community joined in the festivities—we celebrated with food, games, new Group Ex classes, and more!

Full bellies are happy bellies, so guests enjoyed a meal fit for a birthday party. Our multi-talented volunteers served hot dogs, popcorn, cotton candy, and birthday cake.

There were a variety of carnival-style games available to play, which the kids loved. Each game had a prize with it, so everyone went home with a bag full of goodies, such as t-shirts, temporary tattoos, candy, water bottles, sunglasses, and fidget spinners.

We also revealed the renovations at our Northwest Annex, which include:

- A chapel for any and all religious backgrounds.
- A dedicated room for The Zone, a free member perk for youth ages seven to 12 to enjoy activities such as Skee-Ball, air hockey, board games, video games, and more.

“This is an exciting time for the Northwest Y and all of the opportunities it brings to our Y members,” says Jason Winkle, CEO of the Monroe County YMCA. “We are thrilled to offer new programs to children, adults, and seniors!”

We couldn't have done any of it without our amazing volunteers! They ensured the event ran like a well-oiled machine, which made for a fun celebration!

Haven't toured the new area yet? Come check it out! We hope to see you at our Northwest Y facility soon.

Time to Celebrate! NORTHWEST YMCA 5TH BIRTHDAY PARTY

- An area for youth tumbling training and practice.
- A dedicated studio for Barre classes, which is a Small Group Exercise class based on the principles of Pilates, ballet, and athletic conditioning.
- A high-energy, multi-station small group exercise program called Synrgy360 where instructors can effectively train individuals and groups.
- A lounge for parents to get work done or relax while their kids enjoy Play and Learn, which is free drop-in child care for kids ages six weeks to six years for up to two hours while parents use the Y facility.

Healthy Living

HEALTHY HEARTS AND ACTIVE LIVES

Transforming Life

MAKING AN IMPACT ON AGING ADULTS

Four years ago, half of Joe Ferrerio's body was paralyzed, and he was blind in one eye. He had a fall that caused a subdural hematoma—bleeding outside of and around the brain—and he was told by his doctors he had just one year to regain the mobility he had lost or else he would most likely never regain it.

Now, at 86 years old, Joe has not only regained the mobility he lost from his fall, but also is able to do things he wasn't able to before his accident. He shared he wouldn't be where he is today without the help of the Monroe County YMCA.

After working with an at-home occupational therapist, she referred him to the Healthy Hearts and Active Lives (HHAL) program at our Monroe County Y. With the help of HHAL Director, Margie Kobow, Joe set out on the next leg of his recovery. Joe wondered how he was going to be able to do the exercises other HHAL members were doing. Kay, a HHAL staff member, said to Joe, "Oh, you'll get it, just keep coming every day!"

Joe did keep coming every day, and his dedication has completely changed his life. He relayed that "the things that were hurting don't hurt anymore, or they hurt much less because of being here [at the Y]. Margie and the crew have seen to that."

Joe continued, "At my age, you sit in a wheelchair and be depressed; no creativity and no confidence, that's for sure. Margie has given me the opportunity to get better. [The Y has given me the opportunity to get better by providing me with

financial assistance] for the classes that saved my life, as a matter of fact. That's it. If I weren't here, I'd be stuck in a chair, depressed, grouchy... and it doesn't work like that. There's something to look forward to; the rainbow is there, not the clouds."

Healthy Hearts and Active Lives not only improved Joe's physical capabilities, but it also changed his entire outlook on life as an aging adult. Joe explained the HHAL programs have given him "more confidence, more agility; [he belongs] to a group of sorts instead of sitting at home in a wheelchair and

cursing the world." He continued, "I'm out doing something during the day. The confidence is what's being built up [by HHAL]. I don't have to say 'gee, I'll never move that again,' because I'm moving it already. Just get up and do it, why not? I'm confident I can almost participate like a 'normal' human being at this point. Maybe I am."

Joe's dedication to improving his health is extremely inspiring—he is at the Y five days a week, every single week. Midway through our conversation, Allie mentioned Joe's subdural hematoma was only one of three injuries he has conquered since joining the Y. Over the course of the past four years, Joe also broke his neck and had a bowel resection. After each accident, Joe returned to the Y, determined to regain any mobility he had lost. And he did.

Margie chimed in, sharing "he's very coachable, [in addition to being determined,] and that helps. [Joe is] willing to do things that we assign [him]. Sometimes it's not easy, but [he] does it, and [he's] consistent. That's key."

Joe's determination stemmed from his inability to perform daily actions on his own, but it remains steadfast because of the confidence he has gained through HHAL. "[The biggest benefit is] confidence; trying something instead of saying 'I can't do this; I just dig right in and give it a try and do it. If it's not quite up to par the first time, it does get better if you [continue to] do it."

"There's something to look forward to; the rainbow is there, not the clouds."

If you yourself are an aging adult who is not a YMCA member, or if you know someone who you feel would benefit from our Adult Health programming, here's Joe's message to you: "Look what you're missing. You could just repeat a hundred-thousand things that were said here today... Look what you're missing!"

"Things that I used to do; instead of saying I can't do them anymore, I can have a good try at them and do them. I guess I'm not looking into the past; I'm looking into the future with confidence."

Social Responsibility

GREAT THINGS HAPPEN WHEN WE SUPPORT EACH OTHER

We envision a **future** filled
with **possibility** for everyone.

497 donors generously supported the Y to help bring about lasting personal and social change, positively impacting those in our community.

262 volunteers gave back to the community by sharing their time and talent at the Y for a total of **more than 7,239 hours**.

9 pints of blood were collected through two American Red Cross blood drives. As one pint can affect three lives, **27 hospital patients** benefited from lifesaving blood.

2,343 pounds of food were donated through the **Hoosier Hills Food Drive**.

663 employees worked at the Y knowing that what they do each day positively affects the lives of the people in our community.

Capital Campaign

The YMCA is always investing in a better us. As a cornerstone in our community, capital support to the YMCA continues to grow and evolve, so that there is always a place to become the best version of ourselves. Thank you to those who have invested allowing the Y to provide:

- A resource, where people find opportunities to live healthy, exercise, and nurture their spirit, mind, and body.
- A safe space, where children are cared for, inspired, and guided.
- And a welcoming spot, where people help each other, friendships are developed, and everyone has a sense of belonging.

The Monroe County YMCA makes every effort to ensure each contributor's name is properly listed. If your name is omitted, listed incorrectly, or misspelled, we offer our sincerest apologies and ask that you advise us of corrections by contacting Matt Osgood, Development Director, at 812-961-2169 or mosgood@monroecountyymca.org.

YMCA ENDOWMENT FUND

When you give to the Endowment Fund, your support continues to impact lives long after your gift is made. The Endowment Fund provides the YMCA with investment earnings that help us meet crucial needs in our community. The general fund's earnings have been designated to support initiatives that can impact areas of health and wellness, specifically acute and chronic disease prevention.

YOU ARE WHY WE ARE THE Y

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

ADVANCING OUR CAUSE

It's a great time to be a part of the Monroe County YMCA, where strengthening community is our cause.

From athletics to academic achievement, healthy bodies to disease prevention, and unlimited fun to unlimited possibilities, our Y is doing so much more. In 2018, we served hundreds of people in the Monroe County area through programs that nurture the potential of our youth, improve the health and well-being of children and adults, and provide help and hope to our neighbors. Our commitment to strengthen communities across the Monroe County area is stronger than ever.

Our members, volunteers, staff, and partners - each person in the Y movement - is a critical piece to our success. **We all share a passion for strengthening our community.**
