COMPETE FOR THE CAUSE

CORPORATE CHALLENGE

DODGEBALL

Divisions:

Players may play in both divisions, but only on team per division:

OPEN – any number of male or female players

CO-ED – teams must have at least three females on the court

- Teams of six players
- The event is bracketed, and best two out of three games determines winner of match, loser's bracket is a single game.
- The object of the games is to eliminate all opposing players by either hitting them with a "live" thrown ball or by catching a "live" ball thrown by your opponent before it touches the ground.
- A "live" ball is one that has been thrown and has not touched anything, including the floor/ground, another ball, another player, official, or other item outside of the playing field (wall, ceiling, etc.).
- Players should remain within the boundary lines unless retrieving a ball that has left the playing area. Failure to comply could result in elimination from the match.
- Games begin with each team in possession of three balls. Players will take a position behind their end line. Following a signal by the official, play officially begins and players may immediately start throwing at the opposition.
- The first team to legally eliminate all opposing players will be declared the winner. Each contest is limited to 5 minutes. If neither team has been eliminated at the end of 5 minutes,

the team with the greater number of players remaining will be declared the winner. In the case of an equal number of players remaining after regulation, a 1-minute sudden-death overtime period will be played. The first team to eliminate a player wins.

- In order to reduce stalling, a violation will be called if a team in the lead controls all six balls on their side of the court for more than 5 seconds.
- Players whose feet touch the center line are automatically ejected from the game. It does not matter if they are still holding the ball or not.
- Anyone hit with a ball that has not first crossed the back line is not out. Please note: Only one player can be eliminated on a given throw. If a ball bounces off two players, the first to get hit will be out. If a ball bounces off a person and someone else on the team catches it, the first person hit will still be out; the thrower and catcher remain in. If someone blocks a throw with a ball and then it hits someone else or is caught, no one is out because it is dead as soon as it has struck another ball.
- If a ball is knocked out of a player's hand by another thrown ball, no one is out.
