# COMPETE FOR THE CAUSE

## CORPORATE CHALLENGE

### PICKLEBALL

- Event will take place indoors at our Southeast Y between basketball courts and group exercise rooms.
- Format of event will be determined closer to start of event. All teams will be guaranteed at least two matches, if not more.
- To begin the game, players will determine who serves first by picking numbers. The winning team will serve first and the losing team of the number pick will choose side for the entire match.
- Points can only be earned when serving. Both players on a team get a turn to serve until they lose a point.
  - Example – Player A wins three points and then loses a point to receiving team. It is now Player B's turn to serve. Player B wins one point and then loses point to receiving team. The serving team has scored 4 points and the receiving team will now take over.
  - On the first serve of the game, the serving team chooses one player who will be serving for them. Once they have lost their serve, the receiving team will take over and for the remainder of the game, it will be both players getting a chance to serve.
- The Serve
  - The serve must be hit with an underhand swinging motion and the ball contacted below the hips. When hitting the serve the server must be behind the baseline and serve into the adjacent service box as is done in tennis. You only get 1 serve, if the ball is hit out of the court, into the

net or into the no-volley zone (kitchen) it is a side out. The center line, side lines and baselines are considered in on a serve but if the ball lands on the no-volley line it is a side out. If the ball hit the net and goes into the service box it is a let and the server maintains the serve

- **Double Bounce Rule**

- When the ball is served the player on the receiving side must let the ball bounce once before hitting it. When the ball is returned to the serving side the ball must again bounce once before being hit. After the ball has bounced once on each side the ball can be hit without bouncing as long as you aren't in the no-volley zone 7 feet from the net.

- **No Volley Zone**

- The No-Volley Zone is 7 feet from the net on each side. A player cannot hit a ball if he is inside the No-Volley Zone unless the ball bounces first. If a ball hit a player in the No-Volley zone before bouncing the point is lost. Once a ball bounces a player can hit the ball while inside the zone. If a player hits a ball while outside the No-Volley Zone the momentum takes him/her into the zone the point is lost. If your foot touches any part of the line you are considered inside the zone, you can reach over the line and hit a ball as long as your foot is behind the line. If a serve hits the No-Volley line the serving team loses the point.

## **THE MISSION BEHIND THE COMPETITION**

### **The Y for All Campaign**

As a participant in Corporate Challenge, you support the Y cause! Corporate Challenge is held to benefit the Y for All Annual Campaign, which is our fundraising campaign to make sure the **Y's facilities and services remain accessible to everyone in our community.**

100 percent of Y for All funds come from generous donations from the community. Those donations are then given back to those in the community who need a little support. Y for All provides financial assistance for Y memberships and programs, such as camp and swim lessons.
